Re: Storm Sewer Project- 1000 Block Highland Avenue

Dear Resident:

The Township will commence work on a storm sewer project on Wednesday, August 3, 2016. The scope of work is to replace an existing box culvert located at 1020 Highland Avenue. The area is between Tyler Road and Canterbury Road.

During this time road closures will be in effect with access and through traffic limited to north bound lanes. Detour signs will be set to assist with the corresponding closures. We anticipate the time frame for the project to last 2 to 3 weeks.

Normal work hours will be from 7:00 A.M. to 7:00 P.M., Monday through Friday. Saturday and Sunday hours may be needed to expedite the project. Access will be limited during these hours; however, efforts will be made to alleviate any inconvenience during this time. All emergency vehicles, school buses, postal delivery and refuse vehicles will have access.

The Township appreciates your cooperation during this time so that we may better serve our community.

Should you have any questions or concerns during this project, please contact our office at 267-536-1043.

Thank you, in advance, for your cooperation during this work.

Very truly yours,

Timothy G. Clark
